Bio

Army veteran. Senior Network Security Engineer. Successful entrepreneur.

Born and raised in Utah, Richard joined the U.S. Army 12 days after high school and served as a Signal Intelligence Analyst (98C), specializing in Czech and Serbo-Croatian.

He later built a career in IT and network security with a reputation for troubleshooting and practical problem-solving.

Core Priorities

- Restore the family as the foundation of society.
- Reassert law, order, and objective truth.
- Reduce federal overreach and return power to states and citizens.
- Secure borders and support law enforcement.
- End runaway spending and eliminate wasteful subsidies.

Positioning

North Carolina deserves a Senator who fights for freedom - not bureaucracy.

Richard is focused on incentive-based reforms that reward real results and punish waste, fraud, and runaway spending.
